

# In Our Town

This is our town. A lot of people work in our town.	12
Let's find out how things get done. It is before	22
dawn. This driver goes up and down the streets.	31
Now they will be clean when people leave	39
their houses. A crowd waits. Here is the bus	48
bound for downtown. The driver smiles and	55
asks, "How are you today?" In winter, snow may	64
pile up on the ground. Out comes the plow. The	74
mounds get bigger. This mound is the biggest! Dark	84
clouds fill the sky. A mail carrier still makes her	94
rounds. She brings mail from way up north	101
and way down south. Clang, clang, clang! Here come	110
the firefighters. "Turn on the spout!" One of them	119
shouts. Wow! The fire is out. We count on the	130
people in our town. We are proud of them. They	140
make our town a good place to live.	147
