

# STORIES FROM TOMORROW

STORIES FROM TOMORROW is a social media fundraising initiative supporting children all over the world during the COVID-19 crisis and beyond.

We are inviting kids K-8 to write a story for the chance to have it read on Instagram by a well-known professional performer, athlete or media personality!

Any piece of creative writing will do: fictional story, journal entry, poem, to-do list. It can be 5 words or 500 words—or anything in between.

Children need a creative outlet, especially in stressful times. We hope to offer them a platform for expressing themselves through storytelling.

Our tomorrow is being written in the imaginations of our children today. Help us invest in a brighter, healthier and happier tomorrow.

Please email your story to: [storiesfromtomorrow@gmail.com](mailto:storiesfromtomorrow@gmail.com)

Please include: first name, age, name of your town and country

Stories will be read by performers on: [@storiesfromtomorrow](https://www.instagram.com/storiesfromtomorrow)

In partnership with **Pledgeling**, we'll be raising funds to support **Feeding America's child hunger programs** and **Room to Read** to help ensure that kids everywhere have access to essentials like food and remote learning opportunities during and in the aftermath of the global pandemic. Every story that is submitted will help to raise awareness during this critical time. Please consider joining us in this mission to inspire and serve children around the world.

Thank you!
